11 BE IT RESOLVED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY  
12 OF ALBUQUERQUE:

13 Section 1. The City shall develop schedules of lower impact fees based on  
14 efficiencies and reduced impact fees based on adopted policies. These  
15 schedules shall be based on the following policies:

16 A. Development must be within the Water Service Area and  
17 consistent with the City of Albuquerque’s approved land use assumptions for  
18 impact fees to receive lower impact fees or reduced impact fees.

19 B. Jobs-Housing Balance.

20 1. There shall be a lower or reduced impact fees for certain  
21 service areas as depicted in F/S O-04-71 (Appendix A). The service areas where  
22 these reductions shall be in effect are: “SW MESA” and “NW MESA”. These  
23 reductions are based on research that indicates that significant reductions in  
24 Vehicle Miles Traveled (VMT) can be achieved through a balance of approximately  
25 1 job per 2.5 persons.

26 2. Adjustment. For every new building housing the following  
27 uses, the Roadway Facilities Impact Fee will be reduced as follows:

28 Industrial or manufacturing	70% reduction

32 3. The lower/reduced fees identified in Section 1.B.2. shall be reviewed for  
33 modification when the new land use zones identified in Section 3, including lower

2 terms in this section shall have the same meaning as the terms in F/S O-04-71  
3 Appendix B. The Mayor shall promulgate regulations to implement the above  
4 schedule within 60 days of the enactment of this Resolution.
